

About Network Construction Services

NCS is a company formed by a professional and experienced management team that has ‘hands on experience’ in the construction and rail industries. NCS has access to some of the best construction and rail workers in the UK and our differentiator is to strive to offer our customers a service second to none.

NCS has significant staff experience across a variety of industry sectors and provide our clients with all levels of skilled and experienced persons both temporary and permanent. NCS can provide a quality, honest and cost effective solution to both local and national projects.

As well as being specialist suppliers of temporary, contract and permanent staff to the Rail Industry and Construction Industry, we also supply Professional and Technical staff.

Our new Professional & Technical Division, operating from the Telford office in the West Midlands, cover permanent and senior contract recruitment for Rail Construction, Utilities and Engineering sectors both in the UK and World Wide.

NCS believes that client relationships should be long-term. We build long term relationships with our clients because:

- NCS can supply a highly qualified, reliable workforce.
- We will save your company money, reduce costs and display a high quality of workmanship.
- Are flexible on pricing.
- Are honest and dependable.
- Put the customer first.
- Will go that extra mile.
