

PRIVATE AND CONFIDENTIAL

Welcome to NCS.

Here at **Network Construction Services** (NCS) we are proud to have developed a culture where we **Never Compromises Standards** (NCS) and have unequivocally committed to our vision to...

“

*“Make a ‘significant positive difference’ to our clients and candidates by **Never Compromising Safety** and **Never Compromising Standards** and work tirelessly to deliver on our promises, get it right first time and building long-term partnerships with enlightened customers”.*

With many years of battle hardened, on-site and recruitment experience, Network Construction Services have become experts in the provision of temporary, contract and permanent workforce solutions. We operate in the engineering space and specialise in Rail, Construction, Utilities and Highways industries. Infrastructure is our bag and safety is our top priority.

My role here is to ensure we continuously challenge ourselves to do better and evolve our solutions. As a leader of the business, I ensure our offering is given the greatest visibility, investment and support. I am committed to making a significant positive difference to our customers by providing an exceptional service.

I am passionate about developing long-term, meaningful relationships with our clients and candidates and deliver on our promises, whilst keeping people safe. We have developed a Behavioural Safety Programme and will be working with you and our clients to ensure we provide a safe workforce solution.

It is important we communicate to our workforce changes in legislation and standards. We do by lots of different ways like issuing a Newsletter, Briefings, Toolbox Talks. We provide this information and many more resources, like access to the Sentinel Scheme rules, risk assessments, COSHH Assessments and an Impact and Aspect Assessment on our webpage (www.ncsjob.co.uk).

If you every wanted to raise a Close Call, exercise our Worksafe Policy or report an incident, then please call our On Call Manager on 01952 210 243. If the call is out of hours, the phone system will divert you to the right person.

Yours sincerely

A handwritten signature in black ink that reads 'Matthew Traynor'. The signature is written in a cursive style with a horizontal line underneath the name.
